COMMITTEE IS TO RECOMMEND \$1.55 TAX TO COUNCIL

Meeting of Ways and Means Committee Results in Unanimous Decision To Recommend \$1.55 Tax Levy For Ensuing Fiscal Year.

A very harmonious session of the Ways and Means committee of City Council was held Monday evening to discuss the matter of recommending a tax levy to City Council for its action at tonight's adjourned meeting of that body. After going over the budget of the City Board of Education and the proposed budget of City Council, it was the unanimous opinion of the members of that committee that the city could not meet its expenses for the ensuing fiscal year on a tax levy of \$1.55 per \$100, and that will be the committee's recommendation to Council this evening.

It was pointed out by the committee men that upon close figuring the city would be enabled to get through the year on a \$1.55 tax levy but that nothing less than that amount would furnish the city with sufficient funds upon which to operate.

It is understood, however, that there are yet members of Council who are opposed to the proposed increase in the levy and the matter is expected to be brought to the floor of Council tonight and may result in a division of the members on this important issue. A two-thirds vote of Council is required to levy a tax, it is pointed out, and although a majority of the Councilmen seem to favor the increased assessment, it is not absolutely certain that two-thirds vote of the body has been obtained.

JAMES LANE DUDLEY DIES AT TEXARKANA

Native Maysvillian Dies at the Age of 97 Years at Southern Home.

The weekly Texarkanian of Texarkana, Arkansas-Texas, says: "In the passing away today of James Lane Dudley, 97, whose death occurred at 7 o'clock this morning at the home of his nephew, L. A. Gaines, his host of friends here will feel deep regret."

"Mr. Dudley, familiarly known as 'Uncle Jimmy' had been a resident of Texarkana for the past 20 years, coming here from Covington, Ky., where he learned and worked at the printers trade for many years. He was born in Maysville, Ky., on April 15, 1823. For many years he was a familiar figure on the streets of Texarkana and was a frequent visitor at the newspaper offices, where, as he said, he 'felt at home.' Being rather small of stature, and with flowing gray beard, his general appearance was patriarchal. His jovial disposition gained him an enviable reputation among his acquaintances, which were many."

"Uncle Jimmy has been practically blind for the past six years, since which time he has been confined to his home, and for the past three years has been almost totally disabled physically. His mind has been unusually clear for a person of his age, until in very recent time he has been unconscious a large part of the time."

"Relatives here who survive him are a niece, Mrs. Ben Collins, and two nephews, J. D. and L. A. Gaines, the latter of whom he has made his home with since coming to Texarkana. Interment will be in State Line cemetery tomorrow, Rev. Edwin Weary officiating, the exact hour not having been announced. The pall bearers will be Messrs. W. W. Thornton, P. M. Morris, W. H. Mathews, W. B. Weeks, P. G. Henry and E. H. Tobey."

ELECTRIC SYSTEM IS DAMAGED BY STORM.

All residences, business houses and plants in Second and Third street east of Market were without electricity for several hours this morning. During the severe electric storm Monday evening a line fuse at Front street and Cherry alley was blown out disconnecting this district.

MAN SERVING TERM IN PEN- ITENTIARY SEEKS A PARDON

Petition Being Circulated Here Today Asking the Pardoning of William Adams Convicted in Mason Circuit Court.

A brother of William Adams, Dover man, convicted to illicit relationship with Edith Daniels, a Dover girl under 16 years of age and sentenced to a ten year term in the state penitentiary, is here today circulating a petition asking the parole board of the state to grant to Adams a pardon from the state penitentiary.

It will be remembered that at the time the Daniels girl made the complaint against Adams she made a similar complaint against George Berry, married Dover man. Berry was hung twice both cases resulting in a trial jury and he was dismissed after the second trial on the Commonwealth's motion. This is expected to have much weight in the effort to obtain a pardon for Adams.

It is understood that the petition for Adams' pardon is being signed by a number of prominent citizens and an effort will be made to obtain the signatures of the court officials and the members of the jury which tried him.

COMMITTEE MAY RECOMMEND REINSTATEMENT OF KING

Newport School Strike Stirs Up Quite a Bit of Interest—Mason County Man Was Suspended.

Newport school commissioners on last Friday night decided to stand by their action in discharging Prof. W. P. King, native of Mason county, as superintendent, and appointing E. S. Spring, of Dayton, Ky. Retirement of C. R. Little and Chester Ihrig, school principals, also is to stand, the board says. The school teachers threaten not to sign up for the next school year if the action is not rescinded.

A special citizens committee was appointed to investigate the charges against Prof. King and the principals. W. L. Glazier, former City Engineer, is chairman of this committee. Mr. Glazier said yesterday the committee would make a report tomorrow night. He indicated the report would be favorable to the teachers alleging that the charges filed against them by the Board of Education of having been active in the strike of the school teachers several weeks ago, were trivial. Board members also are criticised for holding a secret meeting and endorsing their previous action in discharging the three men without awaiting a hearing from the committee, it is said.

The Board of Education will not hold another meeting, it was announced yesterday, until a decision of the court has been reached as to legality of transfer of \$9,000 from the building fund to salaries fund, which is being tested in a friendly suit.

GAS DEALERS ARE KEEPING STRICT COUNT.

Dealers in gasoline throughout the state of Kentucky are now keeping a strict account of the gas they sell and making a weekly report to the County Clerk paying him a state license tax of one cent a gallon on the gasoline. This new law which went into effect last week causes much extra work on the part of the dealers but is expected to bring much revenue into the state.

Messrs. William Stapleton, of Memphis, Tenn., and Roy Davis, of Cincinnati, are the guests of the latter's brother, Mr. W. O. Davis and family, of West Third street.

Mrs. H. L. Walsh, of Front street, left this afternoon for a visit with friends at Ft. Thomas.

NEW ADDITION BEING BUILT UP RAPIDLY IN CITY'S SUBURB

Twenty-nine New Houses Now Under Roof—Water and Gas Mains Being Run and Residents Will Have All Conveniences.

Contractor Joseph Simons and his force of men are to be congratulated upon the speed with which they are building up the Maysville Development Company's new addition to Maysville. Twenty-nine houses are now under roof and are being rushed to completion.

These houses are built on either side of two streets which are continuations to Eastland streets leading back to the hill. They are staggered down the street and although they are all built exactly alike the roof of every other house is of a different color and the houses will be painted in six different colors. The houses each contain four rooms and on the rear of each lot is located a sanitary toilet built under the supervision of the Mason County Health department.

It is the purpose of the directors of the Development Company to build four foot sidewalks down either side of the two streets and grass plots will be left between the sidewalk and the street and the sidewalk and the residences.

Work at erecting these houses was begun by Contractor Simons on May 3rd and the contractor will finish his part of the work in a very short time. Today there were 16 carpenters, 6 painters and ten laborers working on the houses besides the Maysville Gas Company's crew of men who are running gas into the houses from the main which was laid last week and the tinner who are taking care of the roof water.

The Maysville Water Company will begin within a few days to lay their main and everyone of the houses will be fitted with water and gas when they are completed.

This is by far the biggest improvement made in Maysville in years and is well worth any one's time to take a trip into that section of the city. The houses are built of the best of material and substantially put together. It is the purpose of the Development Company to either rent the houses or offer them for sale and the officers hope that within a year's time they will have enough money returned to the treasury of the company that they can begin the erection of thirty more next spring.

The directors of the company propose just as soon as several of the

AMERICAN LEGION BOOKS BIG CARNIVAL FOR JULY FOURTH

Two Saturdays To Be Included In Seven Big Days of Carnival Booked Monday By Leslie Arthur Post.

The Leslie H. Arthur Post American Legion Monday signed contracts with the representative of the Hamilton-Stockworth Carnival Company for seven big days of high class entertainment at the ball park in East Second street beginning on Saturday July 3, and ending on Saturday, July 10.

The Hamilton-Stockworth Carnival is owned and managed by veterans of the World War. The company's large equipment is carried in 35 large railroad cars and consists of ten shows, three rides and the usual number of concessions. The company is regarded as one of the highest class on the road and absolutely refused to permit any unfair concessions on their grounds.

The company expects to arrive in Maysville in time Saturday morning to set up their equipment and give their first big performance on Saturday night, July 3. The Monday entertainment will be something extraordinary in celebration of the Fourth of July.

MISSION'S PICNIC ON WEDNESDAY AT PARK.

The City Mission Picnic will be given at Beechwood Park Wednesday and a big time is being planned for the youngsters of the Mission school. The park will be in the hands of the Presbyterian Sunday school Thursday when they will give their annual picnic.

SUNDAY SCHOOL INSTITUTE BEING HELD AT DOVER.

A Sunday school institute was opened at the Dover Baptist church Sunday evening and will be continued for the greater part of this week. The institute is being well attended and much good is expected to come from it. Missionary Ben H. Miller is being assisted by a Sunday school expert from Louisville.

houses are entirely completed to arrange an inspection for all of the stock holders of the company that they may see at first hand just what has been done with their money. Those who visit the property and see what has really been accomplished with the money in these "tight" times can but congratulate the directors and officers, who, without pay, have devoted so much of their time to the management of this, the biggest public enterprise, ever undertaken by the citizenship of Maysville.

PRISONER CLAIMS TO BE FATHER OF BES- SIE LOVE, ACTRESS

Beggar Arrested Here This Afternoon as Religious Fakir Says He is the Father of Movie Star—Bright Lad With Him.

A man giving his name as General Phillip Meikel, founded of the Life Line Mission Church, was arrested here this afternoon and placed in the local jail when it was discovered that he had invested money which he had begged on the streets in a house boat and was otherwise spending his money carelessly.

An eleven year old lad giving his name as John Roach, who was with Meikel, was also taken in charge by the police and is being questioned closely. The lad said he had been adopted by Meikel at Detroit, Michigan, a year ago and Chief Ort has wired the chief of police of Detroit to ascertain whether or not the boy's mother, Mrs. Jennie Roach, of that city, knows where her boy is and what he is doing. When the lad was taken in charge he had a dollar in change in his tambourine and he says he is enabled to gather quite a sum of money every day which he turns over to Meikel.

Meikel says that he was kidnapped when a baby in New York and was adopted and reared by a family of showmen by the name of Love. He claims to have been the strong man in many old time circuses which have shown in Maysville and says that Bessie Love, the famous moving picture star, is his own daughter.

Chief Ort is of the opinion that Meikel is a religious fakir and is investigating.

NOTICE GASOLINE DEALERS.

All wholesale and retail dealers in gasoline in Mason county are hereby notified to apply at the County Clerk's office for their blank reports which have just been received upon which to report the amount of gasoline sold.

THE PRESIDENT AND HIS LEAGUE.

President Wilson rather severely berates the Republican National Convention for its attitude against the proposed League of Nations—that is, against the draft of such a league as he recommends to the Senate. He refers to Prussian methods having been used by the convention leaders, and, inferentially, also by the Senate leaders, in relegating that creation of his diplomatic fancy to the ash can. Also, he clamors for a referendum on the subject, and expresses the hope that the Democratic convention will meet the issue squarely and "appreciate the necessity and permanent value of keeping the word that America has given to the world."

He assumes too much in taking the position that the people of the United States have yet given to the world any definite pledge for the League of Nations. So far as the draft goes it has the sanction of only one part of the treaty-making power of this country. The president took a large part of it to Europe with him as his own inspiration, and without submission to or consultation with the other treaty-making branch of the Government. When he did this he took the risk of the very result that has been witnessed.

The rigid attitude of the Senate, which merely is reflected in the Republican platform, is no more deserving of the adjective he applies to it than is his own arbitrary action of forcing this foreign-born draft of a League of Nations upon the Senate. He and the Senate are co-ordinate branches of the treaty-making machinery of this Government, and one has no more constitutional authority in that work than the other.

The President's insistence that the people of the United States are clamoring for his League of Nations is a mere assumption, and not based on any consensus of opinion, of dominating weight, that yet has been secured from the people. It might be well to have the referendum he suggests. The Republican nominee, Senator Harding, declares himself to be ready to go to the country on that issue. It is not certain that the result would please the President, or that he honestly thinks it would.

Indeed, the President's statement read much like an appeal to the delegates to his own party convention. There are signs of lack of unanimity among them on this very subject. Perhaps he fears the endorsement of his Administration may not be as specific for his League of Nations as he would like it to be. No one will be surprised if it is not. Until that convention speaks through its platform the President's latest utterance may be considered solely as another contribution to the political literature of the day.—Cincinnati Enquirer.

ARE YOU BOTHERED BY FLIES?

If flies are beginning to bother you it is up to you to find out where that pile of filth is and clean it up—or any poison it against this insect.

Professor Wilson of Wisconsin agricultural department tells about flies in the clearest, briefest way we have seen anywhere. He says:

"The fly is the filthiest creature on the face of the earth. It spreads disease and causes untold suffering. Typhoid fever, summer complaint, tuberculosis, and possibly many other diseases are carried by the fly. Thousands of people die each year from preventable diseases and a large part of the responsibility rests with the fly.

"Flies breed rapidly. A female will lay several hundred eggs in batches of 120 or more. It requires only a few hours or at most a few days for these to hatch out into larvae. The larvae or 'worms' burrow into whatever they were hatched upon—usually filth—and feed and grow for several days. Then they change into another form resembling small oval seeds. Three or four days later the 'seeds' break open and the mature flies come out. The flies breed all summer and as many as ten generations may be produced in a single season."

Here are some of the ways of combating the pest:

1. Swat them, poison them, trap them.
2. Keep garbage in tight receptacles—remove often.
3. Use screens.
4. Haul manure away from the stable daily. If this is not possible, treat the manure with borax or insect powder.

On Interest Days

That is when you can really appreciate the earning power of your money.

The first of January and the first of July are Interest Days. On these dates the sum your deposit has earned at 3 per cent, is added to your account.

It is surprising how small deposits count up when aided by this 3 per cent interest compounded semi-annually. Interest days are a practical demonstration of how your money can be put to work.

Small accounts are always welcome, at this strong, conservative Bank.

WAR RECORD OF
SENATOR HARDING
IS HIGHLY PRAISED

American Defense Society Backs Ohio
Senator In His Race For Presi-
dent of the United
States.

New York, June 20.—The American Defense Society announced today that it had endorsed the candidacy of Senator Warren G. Harding for President and had made preparations for assisting in his election.

In a letter to members of the society throughout the United States, signed by Charles S. Labison, as Chairman of the Board of Trustees, it is said, among other things, that of all the candidates presented to the convention in Chicago Warren G. Harding represents most fully the ideals of the American Defense Society.

The society's letter continues: "His opposition to those dangerous doctrines which lead to Bolshevism is well known. In a comparatively recent speech in the Senate he said:

"We are drifting into chaos. That is why I am urging that this Government give up its idealism and return to practical work."

"We are drifting in the direction of the role of physical force in chasing the dreams of idealists and we have been neglecting practical things here at home in the United States. We have been more neglectful in preparing for the duties of peace than we were in preparing for the duties of war."

"His record on the war was that of a strong supporter of all vigorous measures and of an impatient critic of obstructionists. He has advocated consistently the development of international courts and systems of law, while at the same time pointing out the inherent weakness of the present proposed League of Nations and the impossibility of its acceptance by this country, in that it involves a surrender of our national sovereignty and submits our future destiny to the League, or else is in fact an empty thing, big in name only, and ultimately will disappoint all of humanity that found its hope upon it."

It is only a few years since in Korea they thought it hardly worth while to give a girl baby a name.

A THOROUGH TEST

One To Convince the Most Skeptical
Maysville Reader.

The test of time is the test that counts. Doan's Kidney Pills have made their reputation by effective action.

The following case is typical. Maysville residents should be convinced.

The testimony is confirmed—the proof complete.

Testimony like this cannot be ignored.

Mrs. John Burns, W. Second St., Maysville, says: "I was subject to severe spells of backache and other kidney trouble. They would come on every three or six months and there were times when I was confined to bed and rendered helpless. The quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have never had such severe attacks since."

NO TROUBLE SINCE

Nearly thirteen years later, Mrs. Burns said: "I have the same good words of praise for Doan's Kidney Pills today as ever. I haven't needed a kidney medicine since I took them."

ANNOUNCEMENT.

Covington, Kentucky, May 10th, 1920.
For some time past it has been known to many of my Republican friends throughout the state that I would be a candidate for the Republican nomination for United States Senator.

I now desire to make public announcement of that fact.

I keenly appreciate the responsibility and importance of this high position, and, in the event of my election, I will give to the duties of this office the best there is in me and will represent the people of Kentucky and of the United States to the best of my ability.

I desire, also, to take advantage of this opportunity to express my sincere thanks to the many Republicans throughout the state who have, without solicitation on my part, so kindly and generously offered me their support.

MISERY TO HER

Says this Woman Until Re-

Vegetable Compound.

Carrollton, Ky.—"I suffered almost two years with female weakness. I could not walk any distance, ride or take any exercise at all without resting. If I swept the floor or did any kind of work it would bring my sickness on. I was weak and languid, had no energy, and life was a misery to me. I was under the care of a good physician for several months and tried other remedies. I had read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and I took six more. I have never had any more trouble in that respect since. I have done all kinds of work and at present am an attendant at a State Hospital and am feeling fine. I have recommended your Vegetable Compound to dozens of my friends and shall always recommend it."—LILLIAN THARP, 824 S. 6th St., Carrollton, Ky.

THE BIG ONE OF
THE SEASON

Shipwreck, terror, despair, and thrills of heroic rescue. Intimate pictures of below-stairs life in wealth British households. Pictures of love and strife in a primitive land where conventions and classes are forgotten. Gorgeous spectacles in the palace of a king of ancient Babylon. Bevy of beautiful women; pomp of power; excesses of a profligate court. Idyllic scenes of a happy home on a little farm in America. Humor, pathos, colorful drama, vivid contrasts, dazzling pageantry enacted by hundreds of players with an all-star group of principals. All the passions and yearnings of the case, fused into an inspiring story that beats with red blood. Opulent scenes of a life of ease among the titled rich. Barbaric scenes of struggle with nature on a South Sea isle. Splendor of gowns in the drawing rooms of ultra-fashionable sets. Costumes of grass and skins in savage jungles of the tropics. Lady Mary, in bath and boudoir, in her ancestral mansion in England. Lady Mary, in rags, shrinking from prowling beasts on a storm-swept coast.

German National Assembly voted to sign peace treaty, with reservations.

"IN THE DAY'S NEWS."

A. Mitchell Palmer, who will have the support of the largest group of instructed delegates when the Democratic national convention meets next week, has had experience in Congress, on the bench, and in the cabinet. Mr. Palmer is 48 years old, a native of Pennsylvania, and a graduate of Swarthmore College. A Quaker by early training, he declined the post of Secretary of War when it was offered to him by President Wilson in 1914. In Congress, where he served six years as representative of the Twenty-sixth Pennsylvania district, he made his mark in dealing with problems of finance and revenue production, which was natural in view of his experience as a banker and trader. In 1915 he was appointed judge of the Federal Court of Claims and held the office for a few months. During the war with Germany he served as alien property custodian, and since March, 1919, he has held his present post of Attorney-General of the United States.

"There's a Reason"

APPELLATE COURT REFUSES REV. COX'S PLEA FOR DIVORCE

Ohio Preacher Who Married Maysville Woman Finds Himself Still Husband of Two Wives.

Rev. Fred G. Cox, Van Lue, Ohio, formerly minister of a church at Harrison, Ohio, has two wives, Court of Appeals at Cincinnati having refused yesterday to take action upon his proceeding in error to compel Judge Charles W. Hoffman to set aside an entry of dismissal, recorded February 2 last, in his suit for a divorce from Murice Cox, his first wife, whose home is in Denver, Colo.

Rev. Mr. Cox came into notoriety during the trial of his suit for a divorce and immediately after. First, through a tangle whereby he spelled his name both as Cocks and Cox, and next by hurrying to Maysville, Ky., November 6, immediately after the hearing of his suit for a divorce, where he wedded a Miss Nannie Gill.

When he married Miss Gill, on the same day that Judge Hoffman had announced he probably would grant a divorce at the end of the usual 30 days, Cox, or Cocks, gave his name as Fred Cox and his occupation as conductor.

When Judge Hoffman heard of the speedy marriage he declared no decree would be entered. Cox's counsel sought to induce Judge Hoffman to change his mind, urging that Rev. Mr. Cox supposed the decree had been granted and he was free to wed again, but Judge Hoffman refused, and on February 2 he dismissed the divorce suit.

Rev. Mr. Cox then filed a motion to set aside this dismissal, declaring he was married again, and that his second marriage was legal and he and his second wife intended to live together. Judge Hoffman refused, and the matter was taken to Court of Appeals on error. Court of Appeals, however, says the refusal to reopen a judgment is not a judgment, sentence or decree; concludes nothing, and cannot be attacked in error proceedings. This leaving the court without jurisdiction, the petition in error was dismissed, and Rev. Mr. Cox is left with two wives. He was represented by Attorneys J. Q. Martin and Hicks & Hicks. No one appeared for Judge Hoffman.

FORMER RESIDENT IS HONORED.

The Louisville Post says: "A telegram from the Travelers' Protective Association, which is holding its convention in Portland, Ore., states that the Rev. W. N. Briney, pastor of the Broadway Christian church, has been elected national chaplain of the organization."

TEACHERS' NEEDS ARE PERPLEXING SUPT. COLVIN

Failure of So Many School Teachers in Examinations This Year Is Alarming To Officials.

Following failure of more than 1,000 applicants for teachers' certificates to pass the examination, State Superintendent George Colvin has sent out questionnaires to all county superintendents in an effort to prevent a teacher shortage this year.

Mr. Colvin asks how many teachers will be needed, how many are under contract, what counties are short and what counties have a surplus of teachers. He apprehends there will be a shortage of teachers again this year, and for this reason he said the examination was made as easy as practicable, and the corps of educators from various sections of the State engaged in grading were given instructions not to be harsh in their judgment of the papers.

Heretofore examinations have been held by counties, and the papers graded in the counties where the examinations were held. Grading all the papers in Frankfort under an Act of 1920 is in line with the program of standardization of Kentucky public schools. Under the old law, as educators see it there were 120 standards for judging examination papers.

Now all the papers on a given subject are examined and graded by one person, who knows none of the applicants, having before him only the number assigned to the applicant. Holders of these certificates now are entitled to teach in any county.

Another advantage is that it gives State school authorities an opportunity for observation heretofore lacking. Superintendent Colvin said, Lack of scholarship is not altogether the teacher's fault, in his opinion. He thinks the "State should take the school to the teachers."

Normal schools, doing a big work, are not accessible to all the teachers. In his opinion, in every county there should be a high school devoting at least one year to teacher training for those who desire it. The most advanced school systems, he said, have adopted this plan.

For generations, he continued, pupils have passed the grades and gone back into the grades as teachers without advanced scholarship or professional training.

"No one can teach what he doesn't know; not even if he is inspired," Superintendent Colvin observed.

Eighty per cent. of the children of Kentucky depend on teachers of common schools for their education, and it is vitally important that these youthful citizens be taught by scholarly, trained teachers, in his opinion.

FARMERS' ORGANIZATION ENDORSED IN LEWIS COUNTY.
